

DRAFT QUOTAS ANNOUNCED FOR SECOND DRAFT

Seven Men to be Called from Morgan County May 1st

SPRINGFIELD, Ill., April 15.—Draft quotas designating the number of Illinois men to entrain for military camps between May 1 and May 15 were announced by Adjutant General Dickson tonight following the call Sunday night of the second draft. The quotas for Morgan county are as follows: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

A majority of the Camp Grant territory men will come from Cook county.

Among the counties whose quotas have been fixed are the following:

Select men to entrain for Jefferson Barracks (exclusive of Cook county) from Camp Grant territory:

Rockford City Board No. 1 fifty, and Board No. 2, fifty five, mobilization point, Rockford.

Winnebago county 26, Rockford.

Select men to entrain for Jefferson Barracks from Camp Dodge territory:

Adams county, 17 men, mobilization point, Quincy.

Brown, six, Mt. Sterling.

Decatur city 8, DeWitt 13, Clinton.

Ford 12, Paxton.

Hancock 15, Carthage.

Henderson 6, Oakawka.

Henry 34, Canfield.

Iroquois 25, Wataska.

Logan 20, Lincoln.

McLean, Board No. 1 26 and Board No. 2 23, Bloomington.

Macon 15, Decatur.

Marshall 11, Lacon.

Peoria City Board No. 1 31, and City Board No. 2 29.

Peoria County 24, Peoria.

Plant 11, Monticello.

Putnam 6, Granville.

Quincy City 26, Tazewell 29, Pekin.

Vermillion, Board No. 1 17, Hoopston. Board No. 2 19, Georgetown.

Select men to entrain for Fort Taylor territory:

Alexander county 7, mobilization point, Cairo.

Bond 4, Greenville.

Christian 10, Taylorville.

Clark 5, Marshall.

Clinton 6, Carlyle.

Coles 8, Mattoon.

Crawford 3, Toledo.

Douglas 5, Tuscola.

East St. Louis Board No. 1 4, Board No. 2 19, and Board No. 3 12.

Edgar 6, Paris.

Franklin 17, Benton.

Greene 6, Carrollton.

Hamilton 4, McLeansboro.

Jackson 8, Murphysboro.

Madison Board No. 1, 12, Edwardsville.

Madison Board No. 2, 11, Alton.

Madison Board No. 3, 14, Madison.

Monroe 3, Waterloo.

Morgan 7, Jacksonville.

Moultrie 4, Moultrie.

Perry 6, Pinckneyville.

RESIGNATION LEADS TO MUCH SPECULATION

Many Rumors Regarding Cause of Count Cernin's Resignation As Austro-Hungarian Foreign Minister.

Washington, April 15.—News of the resignation of Count Cernin as Austro-Hungarian foreign minister led to much speculation among officials and diplomats here as to the causes which brought about the rather dramatic exit of the Austrian official at a moment when, thru his decided change of attitude toward war issues involving his complete acceptance of the extreme German views, it had been supposed that he had greatly strengthened his position.

It is recognized that Cernin's position by his speech hiving to fasten upon France the responsibility for initiating peace proposals last year, thereby enabling the French government to deliver a master stroke in diplomacy by producing the famous letter of Charles to Prince Sixtus. But quite aside from the Sixtus letter, recent events in Austria-Hungary have indicated that Count Cernin's tenure might be short.

In the first place there was the frightful suffering of the population and especially in Bohemia from the state of semi-starvation for which they held the government responsible because it would not make peace at once. Then there was the bitter dissatisfaction of the Poles and Czechs over the relinquishment of the rich country of Cholim to the Ukraine as one of the conditions of the Brest-Litovsk peace. Finally there was the concentrated hatred of the foreign minister by the anti-German elements of the Austrian federation because of his relapse into extreme conservatism and his expression of the Pan-American program in its entirety with all of its reactionary policy. As it is understood, Emperor Charles himself still has liberal leanings and is disposed to moderation so far as war is concerned. It is conceived that he might easily be inclined to rid himself of an official so unpopular with a large part of the Austro-Hungarian population.

An official despatch from Copenhagen today says Vienna newspapers announce that the commission for the affairs of the Austrian delegation has been convoked for the twentieth of April in order to give Count Cernin the opportunity to make a declaration concerning events of the foreign policy. Parliament has been convoked for the thirtieth of April. The same despatch says that a great Czech manifestation of protest was held at Prague on Saturday against Count Cernin's speech.

STEELING CANDIDATE FOR STATE TREASURER.

Rockford, Ill., April 15.—Fred E. Sterling, editor of the Rockford Register-Gazette, and chairman of the Republican state central committee, who managed a successful campaign for the office of state treasurer in 1916, today made formal announcement of his candidacy for the Republican nomination for state treasurer at the primary to be held Sept. 11, next.

FORMER AURORA CONSTABLE GIVEN 5 YEARS

Chicago, April 15.—A sentence of five years in prison was pronounced on Jacob Hendricks, former constable of Aurora, Ill., for attempting to raise funds for interned German sailors by means of a lottery.

Henricks collapsed and was led from Judge Landis' court by bailiffs.

MARRIAGE LICENSE ISSUED.

Chicago, April 15.—A marriage license was issued here today to Robert H. Hardin and Nellie F. Dewey, Peoria, Ill.

OVERSEAS CASUALTIES

WASHINGTON, April 15.—The casualty list today contained 44 names, divided as follows:

Killed in action 1

Died of wounds 1

Died, cause unknown 1

Died of disease 7

Wounded severely 4

Wounded slightly 27

Missing in action 1

Col. R. C. Bolling is reported as captured or missing in today's casualty list. Eight other officers are named: Captain Hyman Green and Lieutenant John Alexander Currin were severely wounded and Captain Wakeman G. Gribbell and Lieutenants Arthur S. Bugbee, George W. Donnell, Hamon Gray, Thomas F. Hale and Reuben A. Moser, were slightly wounded.

Killed in Action.

Private Ovilla Case.

Died of Wounds.

Corporal Frank Stiles; Privates Oscar Blanchette, Joseph L. Richards.

Died of Disease.

Sergeants John Dempsey, pneumonia; John B. Greblin, apoplexy; Corporal John E. Clarke, tuberculosis; Privates Charles A. Costello, meningitis; Arthur H. Robinson, pneumonia; Henry V. Troutman, pneumonia; Nevil Edward Wheeler, pneumonia.

Died, Cause Unknown.

Corporal Charles J. Buell, Jr. Severely Wounded.

Captain Hyman Green, Lieutenant John Alexander Currin, Sergeant Bradley M. MacPheters, Private Donald U. Hildrich.

Slightly Wounded.

Captain Wakeman G. Gribbell, Lieutenants Arthur S. Bugbee, George W. Donnell, Hamon Gray, Thomas F. Hale, Reuben A. Moser, Corporals Ernest W. Birch, Geo.

YANKS REPULSE HUN ATTACKS BY PICKED TROOPS

Raiders from Russian Front Out-number Americans 2 to 1

WITH THE AMERICAN ARMY IN FRANCE, April 15.—By The Associated Press.—The German attack against the American positions on the right bank of the Meuse, north of St. Mihiel, yesterday, was made by a force of four hundred picked troops who were recently brought from the Russian front.

Altho the Americans were outnumbered more than two to one, they completely repulsed the enemy driving him back to his own trenches.

The known enemy casualty include 64 dead, many wounded and eleven prisoners, besides a number of wounded who were dragged back to the German lines by their comrades.

The Germans attempted to deceive the Americans by appearing in front of the trenches and speaking French and English and also by yelling "gas". The deception however, was soon discovered and cost the enemy dearly.

The American casualties were comparatively slight. Numerous stories of individual bravery poured into the headquarters today. A young Italian born in a Pennsylvania coal mining town, killed one German and captured three. He saw eight Germans walking in a communication trench ahead of him, altho alone, he shot and killed one and ran after the others, capturing two and wounding some of those who escaped.

He returned to the American line and turned over the prisoners to a non-commissioned officer and coolly asked for a match. The officer jokingly said, "I'll give you a match if you bring another prisoner."

The Italian who is only five feet four inches tall, took him by the hand and went back over the parapet. He returned in less than five minutes, walking with drawn bayonet behind a six foot German who was yelling "kamerad, kamerad."

A few minutes later it was reported that ten Germans were lying in a machine gun nest in No Man's Land. The Italian started for the spot alone, but he was ordered back by the commander of the unit, who later sent a detachment of men to rout out the enemy, which they did.

TO TEST CHILD LABOR LAW.

Washington, April 15.—Arguments in a case from the federal court in North Carolina designed to test the constitutionality of the federal child labor law began today in the supreme court. The act prohibits shipments in interstate commerce of articles manufactured by children under 14 years of age and affects many factories throughout the country, but particularly southern cotton mills.

RELATIVES HERE.

Mrs. Louis Friar returned Monday to her home in Louisiana, Mo. after a brief visit with her parents here. Mr. and Mrs. James Strawn. Mrs. Friar was accompanied to Jacksonville by Mrs. Strawn, mother of Louisiana and her sister at this time was due to the fact that her brother, Paul Strawn, is here on a short furlough.

News Notes.

George J. Peak and family attended the funeral service of little Thomas Hardwick Simpson at Jacksonville Sunday morning. Mr. and Mrs. C. R. Thomas and daughter Geraldine and Miss Geraldine Freed of Roodhouse motored to Winchester Sunday to visit Mrs. Sarah Thomas.

Mrs. D. R. Brown arrived home Monday from St. Louis where she has been spending the winter with relatives.

WILL PITCH FOR CUBS.

St. Louis, Mo., April 15.—Grover Cleveland Lewis, a professional pitcher in the National League, will pitch for the Chicago Nationals tomorrow when the National League season is opened here. Alexander will reach St. Louis tomorrow in company with Charles Weegman, owner of the Cubs and a crowd of rosters.

325,000 tons, or 14 per cent as compared with the week previous, according to figures made public today by the United States geological survey. The total production for the week, including lignite and coal made into coke, is estimated at 9,359,000 tons as compared to a total of 10,894,000 for the week ending March 30.

DECREASE IN COAL PRODUCTION.

Washington, April 15.—Bituminous coal production for the week ending April 6, decreased about 1,500,000 tons, or 14 per cent as compared with the week previous, according to figures made public today by the United States geological survey. The total production for the week, including lignite and coal made into coke, is estimated at 9,359,000 tons as compared to a total of 10,894,000 for the week ending March 30.

PATRIOTIC TEA AIDS RED CROSS WORK

Gathering Monday at Home of Mr. and Mrs. Jefferson Near Winchester Proves Great Success. Other Scott County News of Interest.

Winchester, April 15.—A patriotic tea was given Monday afternoon from 3 to 6 o'clock at the pleasant country home of Mr. and Mrs. George Jefferson, one mile west of here. A beautiful collection of oil paintings, water colors, crayons and hand painted china, the work of Miss Mary Jefferson, was on display and received favorable comment from all who were so fortunate as to see the collection. Miss Jefferson was an art student at Illinois Woman's college in Jacksonville and later a student at the art institute in Chicago. There was a large number who attended the tea and the surgical dressings class for whose benefit the tea was given, received a neat sum from the event. Delicious refreshments were served. Those assisting in the dining room were Mrs. John Lashmet, Mrs. Harry Kirkman, Mrs. Peter Gauges, and Miss Mary Ezard.

William Howard Dies.

William Howard passed away Saturday night at 11:15 o'clock at the home of Mr. and Mrs. George Wells of Alsea, after an illness of some weeks duration. Mr. Howard was born August 6, 1830, in Scott county and died April 13, 1918, aged eighty seven years, eight months and seven days. At the age of twenty-one years he affiliated with the Christian church of this place and has ever since been a faithful and devoted member of that faith. In 1871 he was united in marriage to Mrs. Sallie Foreman. Mr. and Mrs. Howard adopted two daughter, Mrs. Robert Woodall, who died here last May, and Mrs. Lillie Barclay now residing in Missouri.

Mr. Howard led a quiet life here and was a man well respected and always highly spoken of. He had been a member of J. H. Coats' Sunday school class for forty-seven years and was always a faithful attendant at Sunday school and church. He was also a faithful and worthy member of Pioneer Lodge, I. O. O. F.

Funeral services were held on Monday afternoon at 2 o'clock at the Christian church here, in charge of Elder J. H. Coats. Suitable music was furnished by the choir. A solo, "Face to Face" was sung by Mrs. W. H. Kinison. The pallbearers, all Odd Fellows, were Henry Pfenniger, Elmer Stuart, W. H. Kinison, Grant Maden, Thomas Kirkman and John Coultas. Interment was in Winchester cemetery.

Beasley Funeral.

Mr. and Mrs. Peter Obermeyer attended the funeral of Mrs. Obermeyer's brother, Benjamin Beasley, held at Glasgow at 11 o'clock Monday morning. Mr. Beasley had lived in Glasgow all his life. He is survived by his widow and one daughter, Mrs. John Fowler, east of Winchester, and one son, John Beasley. The funeral services were held in Alsea at the Baptist church interment being made near Glasgow at Wilson cemetery. The services were in charge of Rev. N. Johnson of Winchester. Deceased is survived by two sisters, Mrs. Obermeyer and Mrs. Campton of Oklahoma, and one brother of Ft. Leavenworth, Kan. Dr. Everett Obermeyer of Arcadia and J. A. Obermeyer of Jacksonville attended the funeral services.

Auto Accident.

The following item is clipped from today's Bohannon Recorder: "A young man named Tadlock, who was driving Dr. Bowman of Alsea in a Ford car, suffered a dislocated shoulder and severe bruises when the car upset Sunday night. The accident happened near the Selden Robertson home south of Alsea, the front wheel striking a hole washed out near a bridge. The machine turned over down the embankment, throwing out both occupants. Dr. Bowman was thrown over a wire fence, but escaped injury aside from a bad shaking up."

PLAYING INSTRUCTOR KILLED.

San Antonio, Texas, April 15.—Lieutenant E. B. Markham, a flying instructor at Kelly Field, an American aviation camp, was instantly killed at 8:30 o'clock this morning when the machine in which he was flying with a cadet, dropped into a tall spin from a height of 200 feet. The cadet, whose name was not given out, was not seriously hurt. Lieutenant Markham's home was in Turin, N. Y.

EIGHT DEATHS AT CAMP GRANT.

Rockford, Ill., April 15.—Eight deaths have occurred at Camp Grant since Saturday night. One was caused by meningitis, the fourth to die of that disease at the camp. One death was due to tuberculosis and six to pneumonia. The pneumonia victims were North Carolina negroes.

ASK INCREASES.

Washington, April 15.—The Missouri, Kansas and Texas railroad today applied to the Interstate Commerce Commission for increases of from four and one half to twenty eight cents a ton on coal rates from Kansas, Oklahoma and Arkansas mines to Kansas and Iowa points.

ALIEN WOMEN WILL BE INTERVIEWED.

Washington, April 15.—Many German and Austrian women are under surveillance by government agents and will be interviewed as soon as President Wilson signs the bill which includes women in the class of enemy aliens. It was said today the number is more than 100.

OFFICIAL STATEMENTS

FRENCH REPORT

PARIS, April 16.—The statement issued by the war office tonight reports only artillery engagements along the front. It reads: "There were artillery engagements of great violence in the region of Hangard-en-Santerre. Our batteries successfully dispersed bodies of enemy troops in the approaches of Demuier and Laon. Two successful raids, one at Four de Paris and the other at Col du Bonhomme were carried out and prisoners brought back. The cannonade was intermittent on the rest of the front and became quite lively in the sector of Avescoeur."

During April 13, and 14 four enemy airplanes were shot down. Our bombing machines dropped 3,000 kilograms of projectiles upon enemy establishments and convoys in the regions of Mont Didier.

"Eastern theater, April 14.—There were quite lively artillery engagements near Saravanna, the Cerna Bend and in the Monastir sector."

ITALIAN REPORT

ROME, April 15.—The official statement issued by the war office tonight reads: "Slight desultory artillery actions developed today along the front. In the Logi basin one of our patrols attacked a machine gun emplacement, destroyed its garrison and capturing the gun. One of our reconnoitering parties took a few prisoners in the Ornic valley. On the Asiago plateau we repulsed enemy patrols with hand grenades. North of Cortellazzo we repulsed strong hostile detachments."

BRITISH REPORT

LONDON, April 15.—Baillieu and Walvergham were the points of heavy fighting today between British and German forces in Flanders, while the German artillery displayed increased activity in the sector between Givenchy and Robecq, according to the report from Field Marshal Haig's headquarters tonight.

"Fighting occurred this afternoon in the neighborhood of Baillieu and Walvergham and is continuing. On the remainder of the line battle front there is nothing particular to report."

"The hostile artillery has shown activity in certain sectors, particularly between Givenchy and Robecq. Bodies of German infantry moving along Labasse-Estaires Road were effectively engaged by our artillery. On the other parts of the British front there was no important incident."

GERMAN REPORT

BERLIN, April 15.—via London.—German troops supported by naval detachments have entered Helsingfors, capital of Finland. This announcement is made by general headquarters.

The official communication from general headquarters says: "On the Lys battlefield hand-to-hand fighting frequently developed. Southwest of Neuve Eglise, as well as between Baillieu and Morris, English machine gun nests were cleared and the opponents made prisoner. Enemy counterattacks launched from Baillieu and northwest of Bethune broke down with heavy losses."

"On the battlefield on both sides of the Somme the artillery duels remained within moderate limits, the weather being rainy."

"Western theater: After a vigorous encounter with armed bands our troops which landed in Finland, supported by detachments of our naval forces entered Helsingfors."

Berlin, April 15.—via London.—The evening statement from general headquarters says: "There were local engagements on the Lys-Walverghem battlefield, and the enemy's lines north-east of Walverghem were taken by storm."

PLAYING INSTRUCTOR KILLED.

San Antonio, Texas, April 15.—Lieutenant E. B. Markham, a flying instructor at Kelly Field, an American aviation camp, was instantly killed at 8:30 o'clock this morning when the machine in which he was flying with a cadet, dropped into a tall spin from a height of 200 feet. The cadet, whose name was not given out, was not seriously hurt. Lieutenant Markham's home was in Turin, N. Y.

EIGHT DEATHS AT CAMP GRANT.

Rockford, Ill., April 15.—Eight deaths have occurred at Camp Grant since Saturday night. One was caused by meningitis, the fourth to die of that disease at the camp. One death was due to tuberculosis and six to pneumonia. The pneumonia victims were North Carolina negroes.

Washington, April 15.—Many German and Austrian women are under surveillance by government agents and will be interviewed as soon as President Wilson signs the bill which includes women in the class of enemy aliens. It was said today the number is more than 100.

SPEED FIGHTING FORCES OF THE U. S. --- BALFOUR

Germans Plan to Shatter British Before Help Arrives

LONDON, April 15.—"What is now most pressing required is that the fighting forces of the United States should be brought as speedily as possible into the field," said A. J. Balfour, the foreign secretary speaking at a luncheon to the American delegation today.

"The German plan," continued Mr. Balfour, "is to shatter the British army before the American weight can be brought into the scale. The German inspired press has been instructed by its masters to show the utmost contempt for the American military effort. But the master's don't share that contempt. They are planning their whole campaign and are sacrificing men with reckless extravagance in order that the American help may arrive after their blow has been struck."

In proposing a toast to the allied cause at the luncheon to the American labor delegation Mr. Balfour said:

"The two speeches which we have just listened to would have convinced any laborer, if such exists elsewhere that the spirit in which the United States of America has thrown themselves into this great struggle is a spirit of idealism, not in the sense in which idealism evaporates in eloquent phrases and empty formulas, but in the spirit in which idealism recognizes that to bring his ideals to fruition one must make eerts and show those great sacrifices which are now being so surely demonstrated by our friends and brothers across the Atlantic."

"We have been the witnesses during the last year or year and a half," he said, "of strange tergiversation on the part of those who wished to delude either the German, neutral, or it might be even the allied public with regard to German intentions and methods."

"There was a moment before the facile success which Germany obtained against an unsuspecting enemy, an enemy in the east when German statesmen and German members of parliament discussed public affairs which would lead one to suppose that Germany was in a high way to democratic institutions and to heartfelt adoption of the four principles which President Wilson has made."

"Even in the east gave them a facile success over the talkers in Russia and the whole aspect of politics and public opinion among the central powers has entirely changed."

"They now almost cynically admit that the resolution of the reichstag of which we have heard so much, all the talk of no annexation and no indemnities for the considering the wishes of subject populations of spreading the principles of security and freedom throughout the world was what we sometimes call camouflage."

The American speakers were Ambassador Page, James Wilson, President of the Pattern Makers' League of North America and Edward Mercer, Director of the American Chamber of Commerce.

THOMAS SUSPENDED FROM UNIVERSITY

Professor Believed of His Duties Pending an Investigation of the Charges Against Him.

Chicago, April 15.—Professor William I. Thomas, Sociologist, was suspended today from the University of Chicago faculty pending an investigation of the charges that he had violated the conventional moral code in his relations with Mrs. R. M. Granger, wife of an army officer now serving in France.

A telegram from Dr. Harry Pratt Judson, president of the university, who is now in Washington, directed the issue of the suspension order pending the inquiry into the arrest of the professor and Mrs. Granger in a downtown hotel last week.

Professor Thomas who has been called a "silly boy" by his wife and "daddy" by Mrs. Granger appeared in Morals Court today to answer to a charge of disorderly conduct, but the case was continued until Friday. Mrs. Granger, who faces a similar charge was too ill to appear in court and was being nursed back to health by Professor Thomas' wife by whom she was given refuge.

SUIT FOR DIVORCE

Mrs. Eliza Oliver, by her attorneys, Bellatti, Bellatti & Moriarty, has brought a suit for divorce against her husband, A. J. Oliver. Their marriage occurred in 1915 and the defendant is accused of cruelty and also of infidelity.

HAS BEEN TRANSFERRED

Mr. and Mrs. William Bishop, Route 8, have received a letter from their son, John, announcing his transfer from Fort Oglethorpe to New York. He is enthusiastic in his report of conditions and is

ASSERTS REPORTS ARE GROSSLY EXAGGERATED

Attorney General Gregory Deprecates Stories Regarding Enemy Activities in United States.

Washington, April 15.—Reports of enemy activities in the United States are grossly exaggerated, says Attorney General Gregory in a letter to Representative Currie of Michigan, made public tonight by Mr. Gregory.

Replying to a letter from Mr. Currie saying that a strong feeling exists thru the country that the government is dealing too leniently with spies and dangerous enemies, the attorney general explained at length the extensive work of the department of justice in policing the country under war conditions. He emphasized the difficulties under which the department is laboring, including the lack of necessary laws under which to punish offenders.

"The public assumes," Mr. Gregory wrote, "that there is a great deal of enemy activity going on in this country and it is but natural that vague reports are magnified into definite and sensational stories. The talk of damage done by enemy aliens in causing incendiary fires is an illustration of this."

"Statistics show the actual fire loss to property of all descriptions in 1917 was not appreciably larger than that of the year of 1913. Likewise, the report recently made by the national board of fire underwriters shows in substance that during the past year not one fire has been clearly proven to be the work of alien enemies."

The Attorney General suggested that "The very necessity for keeping secret many of the activities of the department undoubtedly contributes to the impression of which you have complained and added:

"It would be absurd to say that every hostile act has been successfully run down and the offender brought to punishment, or that every enemy agent or propagandist at work in this country has been discovered. I do, however, assert that every possible effort is being made to ferret out and punish activities of this character and that this work in other departments as well as my own is being done from day to day with constantly increasing efficiency."

"Long before we entered the war the department recognized the necessity of an efficient system for the prevention as well as the detection of enemy activities and began at that time to strengthen and build up its bureau of investigation which now for a long time has been operated on a war basis. In addition to this the department has accepted the services and to a great extent supervises the activities of more than 200,000 citizens of proven loyalty, systematically organized throughout the country as an auxiliary to the work of the department."

It is a fair statement

Berlin expresses regret that its long distance gun killed women, children and cripples then it proceeds to load and fire again.

Mr. Gerard quotes the kaiser as saying: "I shall stand no nonsense from the United States," but the U. S. may teach him a little common sense.

The choice of the "meanest man" contest has been awarded the kaiser. He has demolished a founding hospital, killing a few babies and nurses in Paris.

The un-American attitude of the socialists in this country, together with the example set by the Russian branch, does not tend to popularize the party.

A few aims of the country are clear at the present time—first to get troops on the fighting line in France. To see that money is forthcoming to finance the war.

That our Government is earnestly endeavoring to reinforce Allies in France is evidenced by a second call for 50,000 men, to go about May 1st. The number preceding will leave about April 26th.

The death of Senator William Joel Stone, of Missouri, removes a unique character from the senate. He has been in public life for a great many years, prominent among Democratic leaders, being rather proud of the sobriquet "gum shoe bill." Mr. Stone, opposed our entry into the war, but later made peace with his party, and of late has been supporting the President in war measures.

A company has been organized in the Chicago dairy district which has for its object the conservation of calves. This organization buys the surplus of calves from the dairymen and, instead of marketing them for veal, is raising them to maturity.

If this experiment in conservation succeeds, it is probable that the plan will be followed in other dairy districts and that a

large number of calves will be saved from the block. The heifers are to be distributed among farmers who are willing to start new dairy herds or increase the number of cows that they are now milking.

Writing to 140,000 members of the bar, not in the army or navy of the United States, A. Mitchell Palmer, Alien Property Custodian, called upon each to help push the war against Germany by reporting every piece of enemy-owned property that comes to his or her attention. A thorough search is to be made in every county in this State.

Republican and Democrats in Michigan are said to be seriously contemplating the bringing of Henry Ford into the Republican primary for the senatorial nomination in that State and running him as a non-partisan supporter to the administration. A recent expression of the manufacturer's is much liked among those who believe in eliminating political partisanship during the war. "I am a Republican," he is credited with saying, "and didn't want war. We have a Democrat for President and we have war, and raising them to maturity."

NI-GRO BODY SEEKS MEMBERSHIP.
A nation-wide campaign for 50,000 members, to be known as the "Moorefield Story Drive," is to be conducted by the National Association for the Advancement of Colored People during the ten days beginning Wednesday. The ninety branches of the national association will join in the campaign which has been undertaken as a testimonial to Moorefield Story of Portia, the association's president, in recognition of his service to negroes in the Louisville segregation case. In that case compulsory residential segregation of negroes was declared unconstitutional by unanimous decision of the Supreme Court of the United States. Negroes and their friends declare the anti-segregation victory to be the greatest legal landmark affecting the negro race since the adoption of the Fifteenth Amendment to the Constitution.

TO COAL CONSUMERS.
The following warning has been issued by H. H. Stock, Director of Coal Conservation for Illinois:
"In all previous times of coal shortage an effort was made to sell to the public compounds and preparations to be sprinkled or poured on the coal or ash pile with the assurance that as a result there will be a 'saving of coal,' doing away with soot," etc., etc.

A ton of coal of a given grade has a certain heating value and that depends entirely on the appliances used to burn the coal and the care taken in firing and in operating the furnace.

"Ash coming from coal that has been incompletely burned in a furnace may be put back into the furnace and a considerable amount of the unburned carbon burned in this second firing.

The Fuel Administration, however, does not know of any specific in the form of a powder or fluid that can be added either to a coal or ash pile and the value of either increased.

"The public is therefore warned thoroughly to investigate any material sold to increase the value of coal or to make ashes burn, for, while the scientific discoveries in the utilization of coal have not been made, all materials advertised in connection with previous coal shortages have proven to be failures, or worse."

RIPPLING RHYMS

LOYAL TALK
Don't talk unless your talking is of the loyal brand; the mildest kind of knocking the people will not stand; at such a crucial season there is no sort of reason for even hinting treason, in freedom's spangled land. Some men, when times were peaceful, were prone to paw the air; they'd hand out a valise of words, nor sweat a hair; they'd roast, in language thrilling, the gents in congress milling, and e'en the statesman filling the presidential chair. And now they still are handin' their superheated stuff; it seems they can't abandon this thing of dishin' guff; there'll be an evolution of wrath and retribution to stop their elocution; then they'll be still enough. The other night a spieler was roused from his repose, and told, by vengeance dealer, to rise and don his clothes; then he was swiftly taken to woodland glade forsaken, and soaked, till he was achin', with whips and things like those. The patriots had risen, since he had talked too far; the feathers then were his'd, all nicely mixed with tar; they used him in this manner, than made the eagle ranner salute the nation's banner, and kiss each stripe and star. Oh, you may never suffer the agony and pain endured by this fool duffer who was not safe and sane; if it is your ambition to think and talk sedition, you'll need a learned physician to make you whole again.

THIS DATE IN HISTORY
April 16, 1861—The Alton (Ill.) "Yankee" Captain Kuhn tendered their services to Governor Yates. Another company will be formed in Alton.

Wear-Ever aluminum demonstration at Brady Bros. Do not fail to call today and ask Mrs. MacDonald any and all questions about cooking and the care of aluminum ware.

CHAMINADE MUSIC CLUB.

The Chaminaide Musical club met Monday afternoon with Miss Cornelia LaRue on West North street. There was a good attendance of members and a few invited guests and a most interesting and brilliant program of selections from the works of a number of noted American composers was rendered as follows:
Concert Etude, Op. 10.....Mac Fadden
Mrs. F. L. Hargrove.
(a) April Rain.....Oley Speaks
(b) Dreams of the Summer Night.....Miss Kumble.
Piano solo.....Selected
Miss LaRue.
(a) Pure and True and Tender.....Lynes
(b) Supplication.....Cadmam
Hector, Gallop Brillante.....Mrs. V. B. Vasey.

DURBIN

Mrs. Sarah Kelly of Jacksonville, spent part of last week with her son, George Dodsworth. An interesting temperance program was given by the Durbin S. S. pupils Sunday under leadership of Mrs. H. J. Rawlings.

Quite a number from Durbin attended the Masonic dedication of a service flag at Franklin Sunday afternoon. One of the stars represented a Durbin young man, Winfield Scott.

Mrs. N. N. Prannom, of Jacksonville, has been the guest of her sister, Mrs. William Kirby, for several days.

Thomas Smith and family spent Sunday at the home of Fred Gray, near Murfreesville.

Miss Juanita Scott has an attack of measles.

Mr. and Mrs. Arthur Rawlings of Franklin, spent Sunday at the home of his parents, Mr. and Mrs. David Rawlings.

Mrs. MacDonald will cook a pot roast without water at Brady Bros. Wear-Ever demonstration today. Be sure to call and see how tender a cheap cut will be.

W. F. TODD WITH OVERLAND AGENCY
W. F. Todd, for a number of years superintendent at the county farm, has been employed by Berger and Pine as salesman for the Overland agency in this city. Mr. Todd is well known as a stock salesman and no doubt will make good in his new work.

MANCHESTER JUNIORS ENTERTAIN SENIORS

High School Classes Enjoy Evening at Home of Mr. and Mrs. L. C. Funk—Red Cross Society Makes Shipment—Other Manchester News Notes.

Manchester, April 15.—Members of the senior class of the high school were delightfully entertained by members of the junior class at the country home of Mr. and Mrs. L. C. Funk Friday evening. A social time was enjoyed in games after which the guests retired to the dining room which was beautifully decorated in the class colors, red, white and blue, and red and white carnations. The menu served was as follows:
First course—Grape juice, wafers.
Second course—Pressed chicken sandwiches, Waldorf salad, sweet pickles.
Third course—Ice cream, cake, cocoa.

Superintendent C. F. Fahrnkopf acted as toastmaster. Toasts were given by Misses Blanch Bray, Ruth Badger, Roy Lakin, Marion Robson, Hazel Duncan and Mack Peters.

Those present were: Mr. and Mrs. C. F. Fahrnkopf, Misses Blanch Bray, Ruth Badger and Nettie Watt, Wilma Walker, Hazel Duncan, Hazel Greenwalt, Mary Cummings, Marion Robson, Euphemia Jasper, Roy Lakin, Nellie Smith, May Greenwalt, Stanley Funk, Perry Correa and Mack Peters.

The Red Cross society sent a shipment of surgical dressings and bandages to Winchester Saturday. The following articles were included in the shipment: 475 compresses, 960 stick sponges, 75 hand sponges, 20 four-tailed bandages, 49 triangular bandages, 15 scutlets, 75 abdominal bandages and 15 cushions.

James Van Cleve arrived from Camp Taylor Wednesday to visit his parents, Mr. and Mrs. John Van Cleve.

Mrs. Margaret Wyatt and daughter, Mrs. Nellie Jones, went to Jacksonville Friday for a brief visit with relatives. Mrs. Jones expects to leave the first of the week for her home in Denver, Colo. She has spent the past several months with relatives here and in Jacksonville.

J. H. Langdon and J. B. Thomas left for Granada, Texas, the first of the week to attend to business interests.

Otis Arendell and Henry Heron returned to Camp Taylor Friday after a visit at their homes here.

Mrs. J. R. Gilkey returned to her home in Newman Friday after a visit here at the home of Mr. and Mrs. C. F. Fahrnkopf.

William Grant went to Springfield Tuesday where he was accepted for army service. For the present he is at Jefferson Barracks, Mo.

Mr. and Mrs. A. B. Rochester and little son, came from Liberty this week to make their home here for the summer.

LIEUT PADGETT WEDS SPRINGFIELD GIRL

Former Lieutenant Weds Miss Catherine Hickox Monday—Now With Aviation Section of Army As Instructor.

Lieutenant Frank Padgett and Miss Catherine Hickox were married in Springfield Monday. The groom was reared in this city and attended the high school and afterward was a student at Illinois college. After leaving Jacksonville Lieut. Padgett was identified with the bicycle business when it was in its zenith a decade or more ago. He was one of the first to take up flying machine work in this country. When the great war started he became a member of the British Royal Flying corps. When the United States entered the war he secured his release and came back and enlisted in the aviation section of the U. S. army. For some time he has been stationed as an instructor at Kelly Field, San Antonio, Texas. Recently he has been transferred to an eastern camp. His bride is one of Springfield's best known young women and has for some time been editor of the Woman's section of the Springfield Register.

WATER SUPPLY DATA PRESENTED BY ENGINEER

S. O. GREELEY HERE TO MEET COMMITTEE
Estimates Made for Four Possible Reservoirs and Well Sources—Committee Unanimously in Favor of South Fork Plan—Would Provide 400,000,000 Gallon Storage with Filtration Plant.

Samuel O. Greeley, member of the engineering firm of Peirce & Greeley, employed some time since by the joint committee on water to make a survey of local conditions, was in the city all day Monday. Mr. Greeley submitted the draft of an extensive report on the water situation to the joint committee of city officers and citizens.

Two sessions were held, one in the morning extending from 10:30 to the noon hour and another more extended in the afternoon. The outline of Mr. Greeley's report indicated that the investigations have been of a thorough and the various possibilities of water supply thoroughly considered. Estimates of cost for construction of dam and impounding reservoir at Big Sandy Creek, Indian creek, North Fork of the Mauvaisterre and the South Fork of the Mauvaisterre were all given.

Figures were also presented to show the probable cost of installation of the necessary wells to provide a supply from the north side station predicated on the assumption that the water is there to be delivered to the pumps. It was shown that wells could be sunk and equipped possibly for a few thousand dollars less than an impounding reservoir could be constructed, but that the cost of operation would be very expensive.

South Fork Location Best
It is the conclusion of the engineers that the building of an impounding reservoir at the south fork—that is, adjacent to the present south pumping station, is the most practical plan and would be less expensive to construct. Estimates were given for two types of impounding reservoir, one wholly of earthen construction and the other with a concrete core dam. The difference in cost is not more than \$2,000 or \$3,000 and it is the opinion of the engineers that the earthen construction has certain points of advantage over the other type. The plan for storage at the south fork also includes the building of a filtration plant with a capacity of a million and a half gallons of water. It has been the unanimous desire of committee all along to include filtration, their thought being that the people of Jacksonville now on lay are interested in the securing of a water supply but they want a supply to be of such purity that it will be usable for all domestic purposes.

At the afternoon session by unanimous vote, the committee went on record as favoring the construction of a 14 foot dam and filtering plant, for which the estimated cost is \$75,000. This cost does not provide for the acquisition of land and it is possible that some land may be worked out for leasing the land necessary, a large portion of which belongs to the state of Illinois.

The proposed impounding reservoir with a depth of 14 feet, would provide storage for about 400,000,000 gallons of water and would easily take care of a daily consumption of a million and a half gallons to two million gallons of water. With such a supply of water taken in connection with that which can be stored in Morgan lake, the city's water supply would be guaranteed for many years to come. Should a considerable increase in population be acquired during passing years it would be possible to increase the size of the dam and also augment the supply of water by a more connected with the Big Sandy basin.

The cost of a filtration plant of a size sufficient to take care of a million and a half gallons of water daily is about \$30,000. The cost of filtration depends largely upon the price of alum, as that is used to a considerable extent in the filtering process. At present alum is selling at all the way from \$28 to \$30 per ton, under varying conditions, while the pre-war price was about \$20 per ton.

In the opening paragraphs of the tentative report Mr. Greeley made the statement that in the estimates that an effort had been made to provide for an average daily consumption of 1,250,000 gallons on the assumption that one-half the people now use water, and taking into account the fact that within a few years' time it would be safe to assume that the number of consumers had been increased to 75 per cent of the people and that by 1930 that 90 per cent of the people might be consumers. So the plans contemplate a sufficient water supply for

the present and also take due cognizance of the future.

Well Operation Costly
Mr. Greeley's estimate with reference to the north side well proposition was that a 12-inch well might be expected, if the proper underground conditions prevail, to provide 125,000 gallons a day and it would therefore take ten wells to make up the sum total of 1,250,000 a day. Moreover, these wells must be at a distance of at least 500 feet apart and the sand and gravel conditions must be right to insure the supply. He said that there was nothing in the well borings or the data furnished to indicate that the sand and gravel is of sufficient area to make it possible to sink ten such wells, and that moreover, the indications pointed to the opposite.

The possibility of reservoirs at the Big Sandy, Indian creek and the north fork of the Mauvaisterre were also considered and the estimates showed that in each case construction there, taking into account the pipe line necessary, would be much more expensive than the use of the south fork site. In referring to the necessity of a filtration plant Mr. Greeley spoke about the general quality of the water which would be disturbed by turbidity at various seasons of the year and the further fact that in storage propositions the development of certain organisms is inevitable. It is possible in some

instances to combat the injury done by these organisms thru the use of copper sulphate but the results are not always satisfactory.

Estimates on Two Depths
Estimates were presented on both 12 foot and 14 foot dams, there being a difference of about 160,000,000 gallons in the storage capacity. The opinion of the committee was altogether in favor of the larger dam as one which would provide for the present needs of the city and also for a reasonable and to be expected increase in the near at hand years. As already indicated Mr. Greeley's report was of a kind that impressed the members of the committee that he has considered the proposition very carefully and understands it thoroughly. The conference Monday was for the purpose of arriving at certain conclusions so that the report may be speedily formulated and forwarded to the city. Mr. Greeley left last night for Springfield and will be in his Chicago office Wednesday.

BOARD OF EDUCATION

ELIMINATES GERMAN
Voted to Substitute French for That Language at the Beginning of the Next School Year—Arrangements Made for Election—Other Matters Discussed.

At a special session of the Board of Education held Monday evening the board voted to discontinue the teaching of German in the public schools at the end of the present term. It was decided to substitute French at the beginning of the next school year.

The board discussed informally the matter of the new building but it was agreed that nothing could be done until the fall of a community high school was settled.

It was also voted to instruct the clerk to advertise for the removal of the debris of the high school building. Arrangements for the board of the school building committee were made. The matter of a heating plant for the David Prince building was discussed and the finance committee was instructed to see if interest could not be secured on the insurance money from the high school building until it is to be used.

THE PRINCIPALS
The board met with all members present except Member Rogerson who was out of the room. The object of the meeting was to discuss matters pertaining to the needed new high school building and the disposition of the ruins of the burned structure. The building and grounds committee had been facing a deadlock looking at it and it was a question what could be done. It was probable that the building was facing a deadlock looking at it and it was a question what could be done. It was probable that the building was facing a deadlock looking at it and it was a question what could be done.

It was also voted to instruct the clerk to advertise for the removal of the debris of the high school building. Arrangements for the board of the school building committee were made. THE PRINCIPALS
The board met with all members present except Member Rogerson who was out of the room. The object of the meeting was to discuss matters pertaining to the needed new high school building and the disposition of the ruins of the burned structure. The building and grounds committee had been facing a deadlock looking at it and it was a question what could be done. It was probable that the building was facing a deadlock looking at it and it was a question what could be done.

It was also voted to instruct the clerk to advertise for the removal of the debris of the high school building. Arrangements for the board of the school building committee were made. The matter of a heating plant for the David Prince building was discussed and the finance committee was instructed to see if interest could not be secured on the insurance money from the high school building until it is to be used.

DAVID PRINCE GETS

READY FOR STAMP SALE
School Organized Monday—Address Made By Carl H. Weber.

An interesting and enthusiastic meeting was held at the David Prince school building yesterday morning when Carl Weber, county chairman of the war savings stamps, work appeared for the purpose of assisting in the organization of war savings societies intended to put on at once an intensive campaign in all the schools and especially the David Prince to buy and sell war savings and stamps.

There are ten sections in the schools of the David Prince building and in each of these was organized a society. The teacher is de facto president and a pupil to act as secretary and treasurer was chosen in each.

A pupil becomes a member of the War Savings Society by signing a card pledging the signer to buy a certain number of war savings stamps each week or month at a financially able. As soon as a pupil buys a stamp his name is placed on the war savings honor roll and a series of colored pins are issued to show what has been accomplished by the holder either in the way of purchase himself or sale to others. A green pin means 5 stamps; a red one ten; a blue one 25, and a gold one 50.

The pupils take orders for stamps on green banded cards which are mailed to the post office and a letter carrier delivers the stamps and collects for them and the pupils get credit for the sales.

The high school class organized for the same work Monday afternoon.

If you want to learn some new methods in cooking, call any or every day this week at Brady Bros. where an instructor specially trained will demonstrate practical food economy.

GONE OVER THE TOP
The head officials of the Wabash railroad wrote the local freight office that all Wabash men were expected to do their duty in the way of liberty bonds but F. H. Unlaugb, the local freight agent, was able to reply that the local office had already gone over the top.

"SAVE MONEY ON OATS"
By purchasing them at Cain Mills for 90c per bushel, will you pay more? Cain Mills, Both phones 240.

DISCUSS NEW BUILDING
The question of a new high school building was brought up and it was stated that the board of education can do absolutely nothing until the matter of the election of a community high school is settled. Until that time the hands of the board are actually tied. Conversation with the members of the board revealed the fact that they are all desirous of doing the will of the people in the matter as they can find out what that will is.

The calling of an election to determine the question of a community high school building and district is now with the county superintendent. He has been requested to call an election to have such an election. He is very friendly toward the city board and the people of that territory must vote on the question. They too, there would have to be a new location chosen. Much more land would be needed and the present high school lot could not be used. It would appear that in order to comply with the need, the school would have to be located somewhere in the outskirts of the city or along the brook in the fourth ward would have to be selected. A community high school building and grounds would cost approximately \$60,000, and a large bond issue would probably be necessary.

A letter from Mrs. Carrie Brown, former cook and housekeeper at the open air school was read. The lady had resigned rather hastily as she felt she was not getting as much satisfaction as she should have but she had been hasty and would like to be reinstated. The letter was placed on file.

Superintendent Perrin mentioned the matter of planting centennial trees on school grounds and the board expressed itself heartily in favor of the trees to be moved if need be to accommodate the new building.

APPRAISAL OF BUILDINGS
The open air school committee was instructed to attend to a matter of window screens and ice box for the building and kitchen. The building and grounds committee said they had received from the insurance adjusters a suggestion that it would be well to have capable persons appraise the school buildings so that there would be greater facility in settling a fire loss. There were firms which would appraise such work and one of them had written offering to do the work for two dollars a thousand valuation. It was suggested that it wouldn't be necessary to go outside of Jacksonville to get the appraisal done. The building and grounds committee was instructed to get propositions from local architects and builders to do the work.

GERMAN IS ELIMINATED
Member Rapp, seconded by Member Muchhausen, moved that the study of German be eliminated from the high school. Carried unanimously.

Member Parker, seconded by Member Rapp, moved that French be introduced next year; carried. Supt. Perrin said that the study of Spanish was coming more to the front since our relations with South America were coming so much closer. Supt. Perrin and Member Metcalf were instructed to investigate the matter and report.

Supt. Perrin announced the collection of the back high school tuition and Member Pierson said that the state distributive fund had been received and the share of Jacksonville was \$2,598. Arrangements for the election on the 23rd were made.

The finance committee was instructed to see if interest could not be secured on the fire insurance money which would likely not be used for some time after its receipt.

Adjourned.

CONGREGATIONALISTS HEAR NEW PASTOR

Rev. W. E. Collins Delivers First Sermon Sunday—Theme Was Patriotism and Duty of Church in Present Crisis.

The audience which greeted Rev. W. E. Collins at Congregational church Sunday morning was certainly very gratifying and a compliment to the gentleman who has cast in his lot with our beautiful city. Without any flourish of trumpets or extravagant promises of what he would do the gentleman said in substance:

I feel that in coming to Jacksonville I am coming among friends and I want to be a friend to you all and hope you will be equally friendly with me. I want you to be as free with me as were the people whom I left in

Waukegan. "I thank all who wrote me so many kindly letters. Unless this church has a work to do there is no cause for its existence. We need all our powers for community work here. I hope you will not be afraid to criticize me. I know I make awful mistakes sometimes and I want you to help me correct them. I anticipate your hearty cooperation in the work of the church and with the Master's help I hope we may accomplish much good. The theme of the discourse, "The Church and Its Work, Present and Future." A very brief outline in given:

Patriotism Is Prime Duty.

Our prime duty now is patriotism. We are called on for the Liberty Loan, the Red Cross and kindred organizations and should give them our heartiest support. The great ideals of the world are in danger and we must do our full part to defend them. The Red Cross is appealing for bandages for wounded soldiers and in all good works the church must go forward. Stand firm when others faint.

The great forest oak only strengthens its roots when assailed by the storm and so must the church stand firm in every world crisis. The fundamental truths of our ages are at stake. The liberties of mankind are in danger of being crushed by ruthless enemy. The church must maintain its high standing for morality. We must be true and stiffen the line against the great enemy sustaining the morale and faith of the men at the front. We have staked our all in this contest.

An Invigorating Shampoo That Overcomes Oiliness

A common soap shampoo leaves the hair excessively dry. This dryness is followed by a reaction of excessive oiliness.

Heand's Fluff is a shampoo that removes excess oil, but contains just the right amount of pure vegetable oils to "feed" the glands and soften the hair while shampooing, thus helping to prevent that injurious dryness and "dying" appearance.

Book on Care of the Hair

A valuable booklet is included with each box of Heand's Fluff. It contains many important suggestions on how to preserve and restore hair health.

Must Be Ready When Call Comes

Our soldier boys will ask what we are doing at home. The church must realize what the soldiers have to do and keep true their trust in us. They have left behind all that is dear to them, home, loved ones, country and all to suffer, toil, and take the risk of wounds and death or what is even worse, languishing in foreign prisons. We must do our part to cheer, sustain and encourage them. We shall need a large ministry to suffering and sorrow and we must be ready. The mighty forces of autocracy are exerting themselves to the utmost to crush human freedom. Our army calls for four times as many chaplains as it now has; more Y. M. C. A. secretaries are asked than can be supplied.

The solution of the ideals of democracy rests with the church and it must not be behind in its duty. Our boys will be coming home after making the greatest of sacrifices and they will have right to the best we have to give them.

On America will depend the Christian leadership after the war. The men who seek to get the life blood of their fellow men must be thwarted. It has been said that more Canadian soldiers were injured by immorality than by battle.

Men who have no fears in battle are often unable to stand temptation and it is the duty of the church to overcome this tendency as far as possible. The doctrine of hate must be eliminated and in the end all must work together for the good of mankind.

Into this great work now and after the war the church must throw all its energies and present a united front and with the blessings of God we may look for grand results.

Mrs. MacDonald will cook a pot roast without water at Brady Bros. Wear-Ever demonstration today. Be sure to call and see how tender a cheap cut will be.

REJECTS BIDS FOR PLACING SIDEWALKS

City Council Will Readvertise for Bids or Sidewalks Adjacent to Various Properties — Session Monday Morning Was Unusually Brief.

The city council session Monday morning was unusually brief. There were no reports from departments and about the only business transacted was receiving of bids for placing sidewalks adjacent to property where the owners have failed to comply with the city instructions requiring placing of such sidewalks. Bids were offered as follows:

Fernandes & Son, 11 3-4 cents per square foot.
Otis Hoffman, 18 cents per square foot.
J. W. Baptist & Co., 18 cents per square foot.

As the reading of the bids progressed Mr. Fernandes said that a member of his firm had made a mistake in sending in the bid and it should have been 12 3-4 cents but that he would stand by the figures as given. The council decided to reject all bids and to readvertise, motion to this effect being made by Mr. Cox, with a second by Mr. Vasconcellos. It was stated that 18 cents was considered entirely too high a price and there was some dissatisfaction with reference to Mr. Fernandes' bid because he had not fulfilled a like contract taken last year. Because of the presence in the city of Mr. Greeley of the Pearce & Greeley Engineering Co. the council then adjourned for a conference.

REV. G. L. SNIVELY

IN KANSAS CITY

The Kansas City Post of the 12th says: "The Rev. George L. Snively, national church dedicatory of the Christian church, begins today a two weeks' evangelistic meeting at the Ivanhoe Christian church, Thirty-seventh street and Michigan avenue. The Rev. Mr. Snively has dedicated nearly half a dozen churches in Kansas City, and has preached here recently. He comes here from Phoenix, Ariz., where, in one day, he obtained \$56,000 and 50 members for a church he dedicated.

"The Rev. Mr. Snively's sister will accompany him to have charge of the women's work. A chorus choir will sing."

vicinity of Prentice.

ILLINOIS COLLEGE OBSERVED CENTENNIAL

Admission of State into Union Observed With Fitting Exercises—Address Given by Hon. H. H. Bancroft.

At Illinois college yesterday morning the anniversary of the enabling act admitting the state was celebrated. President Rammelkamp explained that the 18th was the proper date but in order to secure the much desired presence of Hon. H. H. Bancroft, which was only possible yesterday, it had been decided to have the exercises at this time. With a few highly complimentary words the eloquent young orator was introduced and proceeded to deliver an address which fully sustained his enviable reputation. A very short outline is given:

I gladly greet you here today. My subject is large; 385 miles long, 218 miles wide at its greatest width; it has all varieties of climate, sometimes within 24 hours; it is level lacking mountains and great hills; it yields the fruits and grains of the temperate zone; it has 280 miles of water courses so the subject cannot be dry.

Origin of Nickname.

Until the arrival of the priest Joliet it was territory unknown and not until 1778 was it really explored and developed and then George Rogers Clark with a small force captured and took from the French Forts Kaskaskia and Vincennes and tradition says he caught the Frenchmen drinking mint julep thru straws and cried out "Surrender, you Suckers," which is the origin of our nickname today.

Like many others who have been in the north, Clark died in 1818 in poverty and neglect.

In 1850 our state was 11th in population; in 1890 third and in time it will rank first. Its soil, coal mines, railroads, water transportation facilities, its statement and enter it first.

To name one of the state owes a lasting debt of gratitude for it was he who insisted on our northern history and foresaw the probability of a great city on the shores of Lake Michigan and the importance of access to the great lakes. This too very probably saved our state from aligning itself with the southern confederacy in 1861.

The state fair is to be from Aug. 6th to 26th and will be largely devoted to the celebration of the centennial. There have been three constitutional conventions, 1818, 1848 and 1870. Of the second Rev. Newton Cloud who resided near Franklin, was president and also represented his district nine times in the legislature.

Final Celebration Begun.

Shadrach Bond was the first governor, inaugurated Governor Oct. 6th, and from October first to 6th there will be a program which will include the unveiling of the statues of Lincoln and Douglas. Then Dec. 3rd when the state was formally admitted will witness the final celebration program of the year.

In the Black Hawk war were Abraham Lincoln and Zachary Taylor, both subsequently presidents of the United States and Jefferson Davis, head of the ill fated Confederacy.

Another grand figure in Illinois history is Gov. Joseph Duncan, who distinguished himself at the siege of Fort Stephenson when Col. Croghan held it contrary to orders and held off the British. For his bravery congress gave him a gold handed sword which is sacredly kept by E. K. Putnam and which I hope to have on exhibition some time in Jacksonville. Joseph Duncan was the author of the first free school law and did much for the state.

The speaker then paid a glowing tribute to Lincoln, Douglas, Grant, Logan, Baker, Shields, Hardin and other great men and then gave a highly merited eulogy on the life and work of Mother Bickerdyke who went from Galesburg with the ability of a general and statesman and the heart of a mother and accomplished untold good for the sick and wounded soldiers. The entire address was a fine effort and generously applauded by the students.

The musical numbers included "Illinois," "Star Spangled Banner" and a patriotic medley by a chorus of young ladies who sang admirably.

Wear-Ever aluminum demonstration at Brady Bros. Do not fail to call today and ask Mrs. MacDonald any and all questions about cooking and the care of aluminum ware.

A UNIQUE WINDOW DISPLAY

Messrs. Johnson, Hackett & Guthrie have a very unique window display or trimming. It represents a rocky seashore with many rocks scattered about and some water appearing. On a heap of rocks in the center is an eagle perched holding in his bill a blank for war savings stamps while arranged all about are many pictures the whole making an original and attractive display.

KNIGHTS OF COLUMBUS TO INITIATE SIXTY

Local Council Makes Extensive Preparations for Ceremonial Session April 28—Committees in Charge of Plans.

Jacksonville Council No. 869 Knights of Columbus is making extensive preparations for a ceremonial session to be held in this city Sunday, April 28. There will be exemplification of three degrees of the order to a class of about sixty candidates. The first and second degree work will be in charge of the local degree team and the third under the direction of William Brown, past state deputy, and his staff from Chicago. This degree team has the reputation of being the best in the state of Illinois and the members of the council and the men who are to take the work are expecting an occasion of very special interest.

The initiatory exercises will be followed by a banquet given by the Ladies Aid society of the Church of Our Savior, at which a number of prominent speakers, members of the order, will respond to toasts. A special musical program has been arranged to be given in connection with the banquet. The class of sixty to be initiated includes not only candidates for the Jacksonville council but also for the Beardstown, Springfield and Rockford councils. In addition to visitors from nearby points the company will include men from Chicago, Beardstown, Springfield, Jerseyville and Carrollton. The various committees named to make all the necessary arrangements for this event are as follows:

General Committee: James V. Kennedy, chairman, R. E. Harmon, John W. Clary, John J. Ferry, John E. Fogarty and J. Oliver Cain.

Wounded Civil War Veteran Strongly Endorses Nujol

After suffering many years from chronic constipation, W. H. Collingwood found Nujol so effective that he was able to greatly reduce the dose a week after starting the treatment. Read his letter:—

NUJOL LABORATORIES
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Gentlemen:—

Am 71 years of age, and for many years have been afflicted with constipation, which has been aggravated by neuritis caused by a severe wound received during the Civil War, in which I served three years. Have used Nujol for some time past with most satisfactory results. Am now practically free from constipation. After using Nujol for about one week was able to reduce dose one-half.

Would add: was troubled with heart-burn almost daily, but Nujol has entirely relieved me.

It is with pleasure I write you as above.

Sincerely yours,
Collingwood Poultry Farm
Hammon, N. J., Dec. 22, 1916. W. H. Collingwood.

CONSTIPATION sufferers read between the lines of Mr. Collingwood's letter! Note that many more than one serious ailment begins with constipation—and all are avoided by prompt relief from constipation. The necessary relief is best supplied by Nujol—in all cases, chronic or occasional.

Nujol clears the bowel-tract in gentle, effective fashion, without stimulating the system; without griping; and without the least reaction. Nujol is a pure, reliable, non-habit-forming remedy. It is pleasant to take. Thousands now use it instead of harmful pills and physics. Be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes
—there is only Nujol.

At every drug store. Send 50c. and we will ship new kit size to soldier or sailors anywhere.

Nujol for constipation

Regular as
Clockwork

EUGENE PAUL GAILEY DIES MONDAY NIGHT

Young Man Succumbs to Pneumonia After Four Days Illness—Was Successful as an Attorney in Houston, Texas, Until Health Failed—Body Will be Taken to Ashland for Burial.

Death came to Eugene Paul Gailey at Our Savior's Hospital Monday night at 10:20 o'clock after a four day illness from pneumonia. The sudden death of this young man, who has made Jacksonville his home for the past several years, comes as a shock to his many friends here. About two years ago Mr. Gailey suffered a very severe illness and at that time his life was despaired of. He responded to medical treatment however, and by the efficient care which he received at Our Savior's was brought back to health. Since that time he has never been very strong, and while he was not able to actively engage in the commercial or professional life of the city, yet he took an active interest and was well read and informed on all the live topics of the day. He was especially interested in the war news and was especially well informed on the history of the present world war and of the present day activity across the Atlantic.

Mr. Gailey was a man of quiet demeanor, but naturally made friends and bent them. He will be missed in this community by friends and acquaintances who knew him best and cherished his friendship.

Mr. Gailey in some manner contracted cold Thursday night and was taken to Our Savior's Friday. It was at once seen that his condition was serious and every effort of medical science was made to save his life, but to no avail.

Eugene Paul Gailey was born at Ashland, Oct. 23, 1877. He was raised in that community, attending the public and high schools there. Later he attended and graduated from the University of Michigan, from which institution he graduated as a doctor of law. After securing his diploma Mr. Gailey moved to Houston, Texas, and there practiced law and made considerable success of his chosen profession for a period of eight or ten years. His health failing him, he came to Jacksonville and has since been a resident of this city. He and his mother who survives him, have resided at the Colonial Inn for a number of years.

Deceased is survived by his mother, Mrs. Elizabeth Gailey, one sister, Miss Rowena Gailey of Decatur, and two brothers, Dr. D. S. Gailey of Ashland and Dr. Watson W. Gailey of Bloomington. The latter is in the medical department of the United States army at the present time and is stationed at Lakewood, New Jersey.

The body was removed to the undertaking establishment of J. G. Reynolds last night and will be shipped to Ashland this afternoon where the funeral services will be held at the home of his brother, Dr. D. S. Gailey Wednesday afternoon at 2 o'clock. Interment will be made at Ashland cemetery.

SEED CORN

I have shelled and shipped my seed corn. Am expecting it any day. I have more corn than I took orders for. If you want any of it get busy. F. L. Hairgrove.

HAVE RECEIVED CARDS

John J. Brennan and T. J. Brennan have received postal cards from J. Harold Brennan who is somewhere in France with the mechanical department of the aviation section. He says the country is a beautiful one, but what Sherman said about war is surely true. Judging from what he has seen. The young man is a son of J. J. Brennan and a cousin of T. J. Brennan. He enlisted in Indianapolis, several months ago.

REVIVAL SERVICES

Second Christian church is now entering into a revival meeting that will last about two weeks. Rev. H. L. Parsons, our new pastor, is here and will conduct the services. Song service at 7:30 p. m. Preaching 8:00 o'clock. Come and be with us.

BLUFFS WOMAN BREAKS ARM IN FALL

Mrs. B. F. Rockwood Sustains Painful Injury—Other News Notes from Bluffs.

Bluffs, April 15.—Mrs. B. F. Rockwood fell down the stairs Saturday afternoon and broke the bone in the right arm just above the wrist. She sustained a bruise or two in addition to the broken bone but otherwise is getting along nicely.

Miss Pearl Rockwood and her brother, Benjamin, spent Friday until Sunday with relatives in Springfield.

Mrs. Milton Jackson has received word that her grandson, James Arthur Morgan of Grand Forks, N. D., has arrived safely in France. He has visited Bluffs on several occasions and is known to many here.

Mrs. Mary Sargent has returned from Perry where she spent a portion of last week with friends. G. C. Rockwood, H. G. Rockwood and sister, Helen of Springfield spent Sunday evening with relatives in town.

Mrs. L. S. Black spent Friday until Sunday with relatives in Quincy.

Mrs. Margaret Tewksbury has returned from Bloomington where she was called by the illness of a relative.

Harry Thompson, Irvin Rolfe, Walter Kilver and Vernon Hale were suspended from school two days of last week because they decided to visit Meredosia instead of attending school.

The Chapin boys who played base ball against the local high school team here Friday were defeated. The score being 6 to 0 in favor of Bluffs.

sell the Sensible Oakland Six—21 miles on one gallon gasoline.

ALEXANDER MAN

IS CRITICALLY ILL

Alex Miller is at Our Savior's Hospital Suffering from Leakage of the Heart—Other Alexander News Notes.

Alexander, April 15.—Alex Miller was taken to Our Savior's hospital in Jacksonville today suffering from leakage of the heart. His condition is regarded as critical.

Funeral services for Irvin Robbins will be held from Alexander M. E. church Tuesday morning at 10:30 o'clock in charge of the Rev. W. E. Keenan of Franklin assisted by the Rev. J. A. Betcher.

Mr. and Mrs. George Miller and Mrs. E. J. Kumle were Monday visitors in Jacksonville.

Mr. and Mrs. J. C. Ewing spent Sunday and Monday with Jacksonville friends.

Mr. and Mrs. Ray Sinclair of Wichita Falls, Texas, are visiting Mr. Sinclair's parents, Mr. and Mrs. A. M. Sinclair.

Miss Mae Edmonds and Miss Anna Snyder were out from Jacksonville to spend Sunday with relatives.

URANIA LODGE I. O. O. F.

BUYS MORE STAMPS

Lodge Again Shows Patriotism—Confers Third Degree

At the regular meeting of Urania Lodge, No. 243, I. O. O. F., held Monday evening the lodge voted to purchase \$500 worth of War Savings Stamps. The lodge has over \$1,000 coming in soon and it also was voted to purchase a Liberty Bond and \$500 worth more of savings stamps.

The lodge already holds Liberty Bonds to the amount of \$2,500 and this is additional evidence of the patriotism of its membership.

The third degree also was conferred on John F. Bridgman. Under the good of the order a number of patriotic talks were made.

WILL ATTEND WEDDING

Mr. and Mrs. Frank L. Best and daughter Margery of Bloomington, Miss Georgia Osborne and Miss Dorothy Osborne of Springfield, Mr. and Mrs. John G. Foster of Ottawa, Canada, and Stephen Foster of Chicago, are in the city to attend the wedding of Miss Helen Phelps and Lieut. Austin Foster of Derby Line, Vermont.

The ceremony will be said at the Phelps home, 1236 West College avenue at 10:30 o'clock this morning by Dr. F. S. Hayden.

MAJOR H. C. WOLTMAN

Friends of Dr. H. C. Woltman will be interested in knowing that he has just been promoted to the rank of major and is on duty in the base hospital at Camp Pike, near Little Rock, Ark. News of Major Woltman's advancement came in a message to Mrs. Woltman yesterday.

The many Jacksonville people who know Major Woltman personally and who are familiar with his ability will not be at all surprised at his preferment. He had no sooner entered the army service than he was given special courses to prepare him for instruction of other officers and his work during the months of his enlistment has been of an increasingly important kind. At Camp Pike he has direction of a large amount of work in surgery.

of Coed are hitting the ball. One Oakland touring car delivered to party near Arenzville, Ill. J. F. Claus Motor Co.

SHOOTING AFFRAY ON BURLINGTON TRAIN

Horace Jones of Franklin is Shot on Coal Drag Sunday—Refuses to Tell Who Did Shooting—Injuries not Serious.

Waverly, Ill., April 15.—Horace Jones of Franklin was slightly injured when he was shot four times, three bullets striking him in the head and one above the heart. The trouble occurred about 4 o'clock Sunday morning near Lowder when in company with some other companions, he was returning from Virden on a coal drag. Jones is about 25 years old and the son of Ed Jones of Franklin. The shots were supposed to have been fired from a .22 calibre revolver altho he refuses to give any information concerning the affair.

Mr. and Mrs. Frank Baker of Williamsville are spending a few days with relatives here.

Harold Scott returned Sunday from several weeks visit in Missouri.

Miss Margaret Grant returned to her home in Jacksonville Sunday after several days visit with her sister, Mrs. P. B. Tulpin.

Miss Lela Clayton of Virden is visiting for a few days with her cousin, Miss Bessie Arnold.

Mr. and Mrs. J. J. Woods and Miss Mabel Martin spent Sunday visiting relatives in Auburn.

If you want to learn some new methods in cooking, call any or every day this week at Brady Bros. where an instructor specially trained will demonstrate practical food economy.

FRANKLIN LODGE HAS SERVICE FLAG

Masonic Lodge Dedicates Flag With Appropriate Ceremonies—O. E. Tandy Made Presentation Speech—Large Subscription of War Savings Stamps.

Franklin, April 15.—Sunday afternoon Wadley Lodge No. 616 A. F. and A. M. held service flag exercises in the M. E. church. The church was filled with a large and interested audience.

The flag was presented to the lodge by O. E. Tandy of Jacksonville who made an eloquent patriotic speech. The flag was received on behalf of the lodge by Luther Wiley, Worshipful Master. A number of splendid musical number interspersed the program.

Following the flag presentation Mr. Tandy brought up the matter of purchasing War Savings Stamps. A campaign was inaugurated and before it closed \$5,500 had been subscribed which is indeed a splendid showing for Franklin and will add greatly to Morgan County's quota.

CHANGES AT CITY HALL

J. M. Hurst, who has been assistant fire chief, has resigned his position and is now serving on the day police force. Mr. Hurst has been in the fire department for several years and proved an efficient fireman and no doubt will make good on the police force.

John Taylor who has been a member of the fire department at various times for the last twenty years has been appointed to the position of assistant chief. Mr. Taylor first served in the department under C. H. Widmayer in 1895-6 and under Mayor Holley. He also served during Mr. Widmayer's last administration and under Commissioner Engel and at present under Commissioner Martin.

WILL ATTEND PRESBYTERY.

William Floreth, Ensley Moore and E. M. Vasconcellos will go to Springfield today to attend the meeting of the Springfield presbytery. The ministers of the three Presbyterian churches also will be in attendance. Mr. Floreth and Rev. R. B. Wilson will represent State Street, Mr. Moore and Rev. E. B. Landis, Westminster, and Mr. Vasconcellos and Dr. Walter E. Spoons, Northminster.

J. T. HOLMES IN CITY MONDAY

J. T. Holmes of the Orleans neighborhood was in the city yesterday for the first time since his recent accident. Mr. Holmes as he attempted to stop a frightened team one day a week since, fell in such a way that his left ankle was twisted and broken. It was fortunate that he did not receive worse injuries and it was only because the tongue of the wagon struck the ground and raised the hind wheels of the wagon that he was not more seriously hurt.
